PROVEN IN THE HEAT OF BATTLE

24 HOUR EMERGENCY RESPONSE
“US Fire Pump positively contributed to the overall firefighting effort, providing resources and techniques not readily available to the Navy, to include higher capacity pumps, drones with thermal imaging capability, and tactics beyond what Ship’s Fire Force or FEDFIRE would normally employ.”

- Public Document COMMAND INVESTIGATION INTO THE FACTS AND CIRCUMSTANCES SURROUNDING THE FIRE ONBOARD USS BONHOMME RICHHARD (LHD 6) ON OR ABOUT 12 JULY 2020, 5830, Ser. 10992/21/100550. 15 Sep 21
